LOCATION OF PERSONAL PROPERTY

You must file a single return for each site in the county where you transact business. If you have freestanding property at multiple sites other than where you transact business, file a separate, but single, return for all such property located in the county. A list of site addresses is required by the Property Appraiser's office. If this is a new business, please contact the property appraiser's office at (407) 836-5049 for an account number.

Freestanding property placed at multiple sites includes vending and amusement machines, LP/propane tanks, utility and cable company property, billboards, leased equipment and similar property not customarily located in the offices, stores, or plants of the owner, but is placed throughout the county.

SPECIFIC INSTRUCTIONS

In the appropriate schedule, list the **original installed cost** for the assets of your business. All expensed items must be entered at original installed cost. For various classes of personal property such as furniture and fixtures, computers, machinery and equipment, leasehold improvements etc., the cost of the items that make up each class should be summarized and reported by year of acquisition. A detail listing of the individual assets that make up each class should be attached to the return. For each item, report your estimate of its condition (Good, Average, Poor).

The figure you enter as “**original installed cost**” must include the total cost before any allowance for depreciation. Include sales tax, freight-in, handling, and installation costs. If a trade-in was deducted from the invoice price, enter the invoice price. Add back investment credits taken for federal income tax purposes if they were deducted from the original cost. Include all fully depreciated items which have not been disposed.
